

Marinnonet

Transnational R&D&I cooperation network
to foster the competitiveness and sustainability
of the Blue Biotech sector in the Atlantic Area territory

MARINNONET is a collaborative initiative of key actors of the quadruple helix of Spain, France, Ireland and Portugal dedicated to advancing Marine Biotechnology Research, Development and Innovation (R&D&I).

Through this new transnational R&D&I cooperation network, MARINNONET seeks to boost the innovation capacity of the Atlantic Area Blue Biotech sector fostering open innovation initiatives and market-driven R&D&I activities that engage both innovators and innovation facilitators.

3 Biotechnology Platforms

15 Pilot Projects

To face the current challenges in the blue technology sector with the development of new and innovative solutions.
